

**Malone Central School
DISTRICT-WIDE SCHOOL SAFETY PLAN
Commissioner's Regulation 155.17**

INTRODUCTION

Emergencies and violent incidents in school districts are critical issues that must be addressed in an expeditious and effective manner. Districts are required to develop a district-wide school safety plan designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the coordination of the district with local and county resources in the event of such incidents or emergencies. The district-wide plan is responsive to the needs of all schools within the district and is consistent with the more detailed emergency response plans required at the school building level. Districts stand at risk from a wide variety of acts of violence, natural, and manmade disasters. To address these threats, the State of New York has enacted the Safety Schools Against Violence in Education (SAVE) law. Project SAVE is a comprehensive planning effort that addresses prevention, response, and recovery with respect to a variety of emergencies in each school district and its schools.

The Malone Central School District supports the SAVE Legislation, and intends to facilitate the planning process. The Superintendent of Schools encourages and advocates on-going district-wide cooperation and support of Project SAVE.

Immediate, effective and responsible management and communication can address the crisis and maintain a District's integrity and credibility. Therefore, the District shall develop and maintain a unified position by:
 - a) Identifying a crisis response team to develop a plan and maintain a strong, ongoing communications program in each school. This is the foundation for long-range success. See Appendix 6 for listing of Crisis Response Teams for each school.
 - b) Identifying a media spokesperson that will be briefed on all details. This spokesperson shall be the Superintendent or his/her designee. Northstar Prevention Counselors are the primary source of this information. The School Resource Officer is an additional source to communicate violence prevention strategies for students.
2. The District utilizes a parent notification software program called “One Call Now”. This software gives the District the ability to contact parents at home and work in the event it needs to convey important and emergency information. Building Administrators will communicate with parents via “One Call Now” when “Lockdown” or “freeze” emergencies occur to inform parents and guardians of event. Such information will be shared to parents to ensure confidentiality is maintained.

C. Prevention and intervention strategies
