1. School buildings and grounds may be used by non-school community organizations for meetings, lectures, recitals, classes, competitions and other educational, recreational, civil or entertainment purposes, provided such meetings are open to the general public and consistent with the policy of the Board of Education.
2. A sponsoring organization shall be considered to be a community organization if:
 - a) a majority of those who constitute the group or a majority of those participating in or attending the activity are residents of the District, pupils or the families of pupils who attend District schools, or employees of the District; or

3. The president or other responsible representative of the organization requesting to use the facility shall sign the Application and Guidelines forms and submit them to the office of the building Principal at least 14 days before the requested date.
4. In general, school facilities may be used free of charge. However, a fee may be charged to cover additional costs when the use of the facility requires the District to incur extra expenses such as custodial or supervisory help.
5. If the organization charges an admission or any other fee for its event, the proceeds must be expended for an educational or charitable purpose. School facilities may **not** be used where admission fees are charged and the proceeds are to be applied for the benefit of a society, association or organization of a religious sect or denomination, or for a fraternal, secret or exclusive organization other than organizations of veterans or volunteer firemen.
